Marine Biology Field Technician
NYU Abu Dhabi

New York University has established a campus in Abu Dhabi, United Arab Emirates, and invites applications for a Marine Biology Field Technician to support the work of researchers at the New York University Abu Dhabi marine biology laboratory. The Technician will be responsible for preparing, maintaining, and cleaning diving gear, preparing and maintaining field research equipment, and operating the marine biology boat (including towing the boat, launching and landing the boat on slips, navigating the boat to research sites using GPS, safely deploying and collecting research divers on site, and cleaning and maintaining the boat and its engines (with the exception of major engine service). The Technician will also have responsibility to support the laboratory-based work of researchers during periods when fieldwork is limited, and also for day-to-day maintenance of research aquaria. The position is a one year fixed-term contract potentially renewable depending on performance.

The position requires at least 2 years small craft boat handling and trailering/launching experience for SCUBA diving groups and SCUBA qualification with a minimum of 100 dives. Desirable qualifications include boat handling, radio operating, and first aid certification as well as experience in field based research/sampling, particularly in the middle east.

New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three degree-granting campuses - New York, Shanghai, and Abu Dhabi - complemented by 12 additional academic centers across five continents. Faculty and students will circulate within the network in pursuit of common research interests and cross-cultural, interdisciplinary endeavors, both local and global.

Entering its fourth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi's highly selective liberal arts enterprise is complemented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.

Applicants need to submit a curriculum vitae and three letters of reference in PDF format to be considered.
