POSTDOCTORAL RESEARCHER POSITIONS

Center for Interdisciplinary Studies in Security and Privacy – Abu Dhabi
NYU Abu Dhabi

New York University Abu Dhabi established the Center for Interdisciplinary Studies in Security and Privacy (CRISSP-AD) in 2011 to meet the growing challenges that are faced in securing networked information technology systems that have become pervasive and address broader political, economic and policy issues that help understand and mitigate cyber risk. The goal of CRISSP-AD is to bring together a cadre of technologists and scientists who model integration of technical, legal, financial, and psychological aspects to develop secure, reliable, and practical solutions to meet the information security and privacy challenges in today’s interconnected world.

Currently CRISSP-AD has over half a dozen faculty and several researchers who are focusing on a variety of cutting edge research projects, and the center is seeking outstanding postdoctoral candidates to join our team to further support its research activities. The areas of expertise aimed at, but not limited to, are: cyber threat intelligence and network analytics; hardware and critical-infrastructure security; and user-centric security. Candidates must hold (or be close to completing) a Ph.D. in Computer Science, Electrical and Computer Engineering or quantitative social sciences. PhD holders with a strong publication record and hands-on skills are encouraged to apply.

Applications will be accepted immediately and candidates will be considered on a rolling basis. To be considered, all applicants need to submit a cover letter, curriculum vitae, and a statement of research interests, all in PDF format. For instructions and information on how to apply, please visit our website at http://nyuad.nyu.edu/en/about/careers/faculty-positions.html. If you have any questions, including inquiries regarding the starting date, please email crisspad@nyu.edu. Please visit our center’s website at http://nyuad.nyu.edu/crissp-ad for further information.

The terms of employment are competitive and include relocation, housing and educational subsidies for children.

About NYUAD:
New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complimented by a network of eleven research and study-away sites across five continents. Faculty and students will circulate within this global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

Entering its fifth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi’s highly selective liberal arts enterprise is complimented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.

NYU Abu Dhabi is an Equal Opportunity/Affirmative Action Employer.
