POST-DOCTORAL RESEARCHER POSITIONS
Psychology
NYU Abu Dhabi

The lab of Daryl Fougnie at New York University Abu Dhabi is seeking a Postdoctoral Fellow with interests in studying visual cognition. The research project will benefit from collaboration between Daryl Fougnie at NYUAD and Wei Ji Ma at NYU. The Psychology group at NYUAD is rapidly growing. Psychology faculty at NYUAD collaborate with faculty at NYU in New York and from other top universities worldwide. NYUAD has just opened a brand new campus on Saadiyat Island (Abu Dhabi’s cultural center). Postdoctoral Fellows will have access to EEG, MEG, and fMRI facilities.

Candidates must hold (or be close to completing) a Ph.D. in Psychology, Computer Science, Neuroscience, or a related field. The ideal candidate will have experience with psychophysics and modeling approaches. Candidates should possess strong computational skills and have experience with Matlab, or an equivalent programming language.

Terms of employment include a very generous salary, housing, and other benefits. The preferred start date is September 2016. The start date is flexible based on the needs of the applicant. The duration of employment is for two years with the possibility to renew.

Applications will be accepted immediately. To be considered, all applicants must submit a cover letter, curriculum vitae with full publication list, statement of research interests, representative publications, and three letters of reference, all in PDF format. When submitting references you will be asked for the contact information of your reference authors, who will be directly solicited to submit their letters through our online system. For instructions and information on how to apply, please visit our website at http://nyuad.nyu.edu/en/about/careers/faculty-positions.html. If you have any questions, please email darylfougnie@nyu.edu.

About NYUAD:

New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complemented by a network of eleven research and study-away sites across five continents. Faculty and students will circulate within this global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

Entering its sixth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi’s highly selective liberal arts enterprise is complemented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.
