FACULTY POSITIONS
Electrical and Computer Engineering
NYU Abu Dhabi

New York University Abu Dhabi (NYUAD) seeks to recruit tenured/tenure-track faculty in the Electrical and Computer Engineering (ECE) programs who are distinguished in both their research and teaching. As a part of a major multi-year growth plan, the following areas are of particular interest at the present time: Robotics, Autonomous Systems, and Nano/Micro Systems.

NYUAD has close collaborations with the faculty and students of the NYU School of Engineering and has access to world-class research centers in cyber security and wireless communications, among others. Our students are drawn from around the world and surpass all traditional recruitment benchmarks.

Candidates with a strong record of interdisciplinary research and funding in emerging areas are preferred. Candidates must have a PhD degree in ECE or related disciplines and must have the ability to develop and lead high-quality research and attract external funding.

Review of applications will begin January 15, 2015. Candidates should submit a cover letter, *curriculum vitae*, statements of teaching and research interests, and a list of at least three referees. If the candidate is shortlisted for further consideration, the referees will be contacted to provide reference letters. Please visit our website at [http://nyuad.nyu.edu/en/about/careers/faculty-positions.html](http://nyuad.nyu.edu/en/about/careers/faculty-positions.html) for instructions and other information on how to apply. If you have any questions, please e-mail nyuad.engineering@nyu.edu.

*About NYUAD:*
New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complemented by a network of eleven research and study-away sites across five continents. Faculty and students circulate within this global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

Entering its fifth year, NYU Abu Dhabi has recruited a cohort of faculty who are distinguished in their research and teaching. NYU Abu Dhabi’s highly selective liberal arts college is complemented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering. The Engineering Division also takes pride in a thriving doctoral program, as well as in the postdoctoral researchers who have chosen to make NYUAD their research home.

NYU Abu Dhabi is an Equal Opportunity/Affirmative Action Employer.
