RESEARCH ASSISTANTSHIP POSITION
Computational Approaches to Modeling Language Lab
NYU Abu Dhabi

This posting is for a research assistant in the Computational Approaches to Modeling Language (CAMeL) lab led by Professor Nizar Habash at New York University Abu Dhabi. CAMeL is a newly established research lab with a focus on Arabic Natural Language Processing (NLP). Areas of research include machine translation, morphological modeling (analysis, generation, disambiguation), syntactic analysis, dialect adaptation and modeling, and computer-assisted learning.

We are looking for creative, hard-working individuals who will help design and develop tools, apps and systems for Arabic NLP. This is a perfect job for someone with a bachelors or masters degree in computer science or engineering who is interested in going to graduate school later on and who wants to enrich his/her CV with experience and publications. Qualifications include strong technical skills, especially in data analysis, web programming, and machine learning. Previous experience in NLP (or specifically Arabic NLP) in any of the areas mentioned above is a plus.

This position is based in Abu Dhabi, U.A.E. Salary and Benefits are competitive.

Applications will be accepted immediately. To be considered, all applicants need to submit a resume, research statement or cover letter, and two letters of reference. For instructions and information on how to apply, please visit our website at http://nyuad.nyu.edu/en/about/careers/faculty-positions.html. If you have any questions, please e-mail nizar.habash@nyu.edu.

About NYUAD:

New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complimented by a network of eleven research and study-away sites across five continents. Faculty and students will circulate within this global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

Entering its fifth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi’s highly selective liberal arts enterprise is complimented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.

NYU Abu Dhabi is an Equal Opportunity/Affirmative Action Employer.
