POSTDOCTORAL ASSOCIATE POSITION IN CELL AND MOLECULAR BIOLOGY
Research Group of Piergiorgio Percipalle
NYU Abu Dhabi

The Percipalle Laboratory in the Biology Program of the Division of Sciences at New York University Abu Dhabi seeks to appoint an enthusiastic and motivated Postdoctoral Associate starting September 2015 or shortly thereafter. The successful applicant will join ongoing projects in the lab focusing on the role of nuclear actin and myosin in gene expression and genome organization (see Sarshad et al., 2013, PLOS Genetics; Sarshad et al., 2014, PLOS Genetics; Almuzzaini et al., 2015, BMC Biology). Applicants with a strong background in molecular and cell biology and with an interest in genome-wide approaches are encouraged to apply.

Applicants must have received a Ph.D. in molecular biology or a related field or be within a few months from completion. Experience in the analysis of transcription and chromatin by genome-wide methods such as RNA-Seq ad ChIP-Seq is desired. Excellent communication skills in English, ability to work in multi-disciplinary teams, and scientific creativity are essential.

The terms of employment are very competitive and include housing and educational subsidies for children. Applications will be accepted immediately and candidates will be considered until the position is filled. To be considered, all applicants must submit a cover letter, curriculum vitae including a complete list of publications, a one-page summary of research accomplishments and interests, and 2-3 letters of recommendation, all in PDF format. Please visit our website at http://nyuad.nyu.edu/en/about/careers/faculty-positions.html for instructions and information on how to apply. If you have any questions, please email pp69@nyu.edu.

About NYUAD:
New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complimented by a network of eleven research and study-away sites across five continents. Faculty and students will circulate within this global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

Entering its sixth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi’s highly selective liberal arts enterprise is complimented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.
