Postdoctoral Researcher Positions
Psychology
New York University Abu Dhabi

The Psychology Department at New York University Abu Dhabi is inviting applications for two fully funded postdoctoral researcher positions in the area of Psychology with interests in studying the psychological and neural mechanisms underlying face and object recognition.

The positions are open at the Objects and Knowledge Laboratory headed by Dr. Olivia Cheung. The postdoctoral researchers will carry out behavioral and fMRI experiments on human object and face recognition. Potential research projects include, but are not limited to, investigations of the influences of experience and conceptual knowledge on recognition processes.

Applicants must have a Ph.D. in Psychology, Cognitive Neuroscience, or a related field, and should possess strong programming skills (e.g., Matlab). Prior experience with neuroimaging or psychophysical techniques is preferred. Initial appointments are for up to two years with the opportunity of renewal for additional years. The starting date is negotiable, preferably during early 2015. Apart from a competitive salary, the postdoctoral researchers will receive housing and other benefits.

Applications will be accepted immediately. To be considered, all applicants need to submit a cover letter, curriculum vitae with full publication list, statement of research interests, representative publications, expected date of availability, and two to three letters of reference, all in PDF format. For instructions and information on how to apply, please visit our website at http://nyuad.nyu.edu/en/about/careers/faculty-positions.html. If you have any questions, including inquiries regarding the starting date, please email olivia.cheung@nyu.edu.

About NYUAD:
New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complimented by a network of eleven research and study-away sites across five continents. Faculty and students will circulate within this global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

Entering its fifth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi’s highly selective liberal arts enterprise is complimented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.

NYU Abu Dhabi is an Equal Opportunity/Affirmative Action Employer.
