Research Scientist/ Postdoctoral Associate Position in Mathematics
Division of Science and Mathematics
NYU Abu Dhabi

The Division of Science and Mathematics at New York University Abu Dhabi is inviting applications for a fully funded research scientist position within the mathematics program. A Postdoctoral applicant with a strong background may also be considered. The successful candidate will primarily interact with Prof. Sofiane Bouarroudj, but will also have the opportunity to collaborate with other members of the mathematics faculty at NYU Abu Dhabi, NYU Shanghai and NYU New York.

Applicants must have received a Ph.D. in Mathematics or Theoretical Physics. Applicants should be leading experts in supermanifolds theory, representations of Lie (super)algebras, and integrable systems of mathematical physics.

The terms of employment include a very competitive salary, medical insurance, housing allowance, and educational subsidies for children as well as other benefits. Applications will be accepted immediately and candidates will be considered until the position is filled. To be considered, all applicants must submit a cover letter, curriculum vitae including a complete list of publications, and a one-page summary of research accomplishments and interests, all in PDF format. To complete the online process, applicants will be prompted to enter the names and email addresses of two referees. Please visit our website at http://nyuad.nyu.edu/en/about/careers/faculty-positions.html for instructions and information on how to apply. If you have any questions, please email sb3922@nyu.edu.

About NYUAD:
New York University has established itself as a Global Network University. The network has three foundational degree-granting campuses: New York, Abu Dhabi, and Shanghai, complemented by a network of eleven research and study-away sites across five continents. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. Our goal is to develop a cohort of international students attuned to and educated for an inclusive global society. Students and Faculty will circulate within the global network in pursuit of common research interests and the promotion of cross-cultural and interdisciplinary solutions for problems both local and global.

In its sixth year, NYU Abu Dhabi has recruited a cohort of faculty who are at once distinguished in their research and teaching. Our students are drawn from around the world and surpass all traditional recruitment benchmarks, both US and global. NYU Abu Dhabi’s highly selective liberal arts enterprise is complimented by an institute for advanced research, sponsoring cutting-edge projects across the Arts, Humanities, Social Sciences, Sciences, and Engineering.
