POST-DOCTORAL RESEARCHER POSITIONS
Social Science
NYU Abu Dhabi

The Division of Social Science at New York University Abu Dhabi seeks to appoint several Post-Doctoral Researchers starting September 2016. Applicants must have received a Ph.D. in the last three years or be within a few months from completion. Appointments will be for three academic years conditional on a satisfactory evaluation of performance at the end of the first semester.

We encourage applications from very promising candidates with a capacity to conduct innovative, high-quality scholarly research in the fields of Economics, Political Science, Sociology and Public Policy. Successful candidates are expected to develop a well-defined research program and to forge productive collaborations with faculty at NYUAD.

The terms of employment are competitive and include housing subsidies and educational subsidies for children.

Applications are now open and we will consider candidates on a rolling basis. To be considered, all applicants need to submit a curriculum vitae, statement of research interests, representative publications and three letters of reference, all in PDF format. In order to complete the application process, applicants will be required to submit the names and email addresses of three referees who will be automatically and directly solicited for their letters by the online application system. The Social Sciences Division is keen on increasing diversity among faculty and postdoctoral fellows and especially encourages women and underrepresented minorities to apply.
