FACULTY POSITIONS
Computer Science
New York University Abu Dhabi

New York University has established a comprehensive liberal arts campus in Abu Dhabi, the capital of the United Arab Emirates. New York University Abu Dhabi (NYUAD) consists of a highly selective liberal arts college (Arts, Humanities, Social Sciences, Sciences, and Engineering), and a world-class Institute for advanced research, scholarship, and creative work. NYUNY and NYUAD are integrally connected. A graduate program will be developed in the near future. The campuses form the foundation of a unique global network university linked to NYU’s other study and research sites on five continents.

As part of a multi-year hiring plan, NYUAD’s Division of Science, Technology, Engineering and Mathematics invites applications for faculty positions in Computer Science, at all ranks, to begin September 2011. We are seeking individuals with a strong record of accomplishment in research and teaching and who have leadership skills to establish a new program in Computer Science. Research areas of interest include bioinformatics, high-performance computing, computer graphics, systems security, and robotics; however, all areas of research in computer science will be considered. Faculty may spend time at NYU in New York and at its other global campuses. The terms of employment are highly competitive compared to U.S. benchmarks and include housing and educational subsidies for children.

The deadline for the receipt of applications is 5:00 PM (EST) December 1, 2010. Applicants must submit a cover letter, curriculum vitae, statement of research and teaching interests, and the names and addresses of three references in PDF format in order to be considered. Please do not submit preprints or publications at this time. Complete instructions for the application process and additional information can be found at http://nyuad.nyu.edu/human.resources/open.positions.html. If you have any questions, please e-mail nyuad.science@nyu.edu.

NYU Abu Dhabi is an Equal Opportunity/Affirmative Action Employer.
