## Research Intern

### Center for Brain and Health

#### NYU Abu Dhabi

The Center for Brain and Health, New York University Abu Dhabi, seeks to recruit an intern to work in the position of 'Research Assistant' on data collection and analysis of the Center's Research projects.

The successful applicant will play a crucial role in supporting primary research efforts within the Center. This includes contributing to data collection and analysis, managing equipment and consumables procurement, and preparing manuscripts. Familiarity with high-performance computing environments, as well as machine learning and artificial intelligence applications, is advantageous. The candidate will work in a multidisciplinary environment consisting of Faculty, Researchers, PhD-level scientists, graduate students and undergraduate students. Applicants must exhibit attention to detail, exceptional problem-solving and decision-making skills, and effective oral and written communication abilities. The willingness and ability to learn various techniques used in the lab are essential.

For consideration, applicants need to submit a cover letter, curriculum vitae, statement of research interest, 1 reference letter (all in PDF format). If you have any questions, please email Daya Sharma at: ds5796@nyu.edu

The internship opportunity is competitive. Applications will be accepted during a short timeframe during Spring and Fall terms. Shortlisted candidates will be notified within a month of the application deadline.
