

Computer Science

Sample Schedule

Alternative sample schedules are available at nyuad.nyu.edu/grids

Year 1

Fall Semester

Introduction to Computer Science	Discrete Mathematics	First-year Writing Seminar	Calculus with Applications to Science and Engineering
			Physical Education

Spring Semester

Data Structures	Algorithms	Colloquia	Core Competency
			Physical Education

January Term

Field Colloquia

Year 2

Fall Semester

Computer Systems Organizations	Major Elective	Minor 1	Core Competency
--------------------------------	----------------	---------	-----------------

Spring Semester

Operating Systems	Software Engineering	Minor 2	General Elective
-------------------	----------------------	---------	------------------

January Term

Field Colloquia

Year 3

Fall Semester

Major Elective	General Elective	General Elective	General Elective
----------------	------------------	------------------	------------------

Spring Semester

Computer Networks	Minor 3	Core Competency	General Elective
Research Seminar in Computer Science			

Year 4

Fall Semester

Capstone Design I	Minor 4	Core Competency	General Elective
-------------------	---------	-----------------	------------------

Spring Semester

Capstone Design II or CS elective	Major Elective	General Elective	General Elective
-----------------------------------	----------------	------------------	------------------
