Anti-Racism Education Resource List

This collated list provides selected resources including articles, videos, podcasts, books, and guides about histories of racism and oppression primarily in the United States. These resources are meant to enhance opportunities for individuals and groups to provide further enrichment and education on anti-racism. [Note: This list is not exhaustive and will be updated periodically.]

Anti-racism work requires sustained, proactive education and engagement as well as systemic, intentional efforts at micro- and macro-levels. We encourage you to use this specific resource in tandem with other resources available across NYU and other personal and professional networks.
