Personal

Born in 1950, Greek citizen, single

Education

1973: Diploma, National Technical University of Athens, School of Chemical Engineering

1978: Ph.D., Johns Hopkins University, Department of Mechanics

Employment

New York University Abu Dhabi (NYUAD)

2019–: Visiting Professor, NYUAD Science Division, Program of Mathematics (<https://nyuad.nyu.edu/en/academics/divisions/science/faculty/moses-boudourides.html>)

Northwestern University

2018–: Faculty of the online Data Science Program of the School of Professional Studies (<https://sps.northwestern.edu/masters/data-science/faculty.php>)

2018–: Affiliated faculty at the Science of Networks in Communities (SONIC) (<http://sonic.northwestern.edu/people/affiliated-faculty/moses-boudourides/>)

University of Patras

1998–2017: Professor, Department of Mathematics

Democritus University of Thrace at Xanthi

1982–1998: Associate Professor, Department of Electrical & Computer Engineering

Visiting Positions

1990–91: Visiting Professor, Department of Mathematics, University of California at Irvine

1981–82: Post-Doctoral Fellow, Laboratory of Numerical Analysis, University Paris VI (Pierre et Marie Curie), France

1980–81: Post-Doctoral Fellow, Department of Mathematics, University of Florence, Italy

Areas of Specialization and Research

- Applied and Computational Mathematics
- Differential Equations, Dynamical Systems & Chaos Theory, Fluid Mechanics
- Social Network Analysis & Network Science
- Computational Social Science & Digital Humanities
- Internet Research
- Science & Technology Studies

Teaching

Undergraduate Courses, New York University Abu Dhabi, 2019–2020

- Networks
- Numerical Methods
- Introduction to Digital Humanities
- Calculus with Applications

Graduate Courses, Northwestern University, 2018–

- Web and Network Data Science
- Python for Data Science

Undergraduate Courses, University of Patras, 1998–2017

- Python Programming
- Mathematical Foundations of Computer Science
- Finite Automata & Formal Languages
- Computer & Communication Networks
- Discrete Mathematics
- Applied Mathematics (Department of Pharmaceutics, 2015–2017)
- Science, Technology & Society
- Social & Political Dimensions of Information & Communication Technologies (Department of Computer Engineering & Informatics, 1998–99)
- Introduction to Informatics (Department of Biology, 2004–2010)

Graduate Courses, University of Patras, 1999–2018

- Discrete Mathematics
- Network Science
- Digital Technologies & Education

Undergraduate Courses, Panteion University, 1999–2000

- New Communication Media III & IV, Department of Communication, Media & Culture

Graduate Course, University of Athens, 1999–2000 (first semester)

- Sociology of Science & Technology, Department of Philosophy and History of Science

Undergraduate Courses, University of California at Irvine, 1990–91

- Calculus
- Differential Equations

Graduate Courses, University of California at Irvine, 1990–91

- Dynamical Systems

Undergraduate Courses, Democritus University of Thrace, 1982–1998

- Calculus
- Differential Equations
- Probability & Statistics
- Linear Algebra
- Numerical Analysis

Graduate Courses, Democritus University of Thrace, 1995–98

- Chaos Theory
- Fractals
- Functional Analysis

Supervision of Ph.D. Dissertations**Committee Director**

2008–2013 : Vaios Argyrakos, Department of Mathematics, University of Patras (ongoing)

1995–2001: Nikos Fotiadis, Department of Electrical & Computer Engineering, Democritus University of Thrace

1984–1989: Apostolos Nikoudis, Department of Electrical & Computer Engineering, Democritus University of Thrace

Committee Member

2001–2010 : Valia Kaimaki, Department of Communication, Panteion University

2001–2008: Katerina Diamantaki, Department of Communication, University of Athens

2004–2007: Despina Tomadaki, Department of Chemical Engineering, National Technical University of Athens

2005–2013 : Stylianos Scarlatos, Department of Mathematics, University of Patras

Departmental Service

1989–1991: Member of the Senate of the Democritus University of Thrace

1994–1996: Representative at the Research Committee of the Democritus University of Thrace

2015–2017: Head of the Section of Computational Mathematics and Computer Science of the Department of Mathematics of the University of Patras

Professional Activities

Awards

Winter 2019: Robert K. Merton Research Fellow at the Institute for Analytical Sociology (IAS) at Linköping University in Sweden (<https://liu.se/en/organisation/liu/iei/ias>).

International Societies

2003–: Member of the International Network for Social Network Analysis, INSNA (<http://insna.org/>)

Organizer of International Conferences

2007: 27th Sunbelt conference of Social Network Analysis, Corfu, Greece, May 1–6, 2007
<http://www.insna.org/sunbelt/30.html>

2003: Workshop *Contemporary Anti- War Mobilizations: Agonistic Engagement within Social Movement Networks*, Corfu, Greece, November 6–7, 2003
<http://nicomedia.math.upatras.gr/conf/CAWM2003/>

1997: *EBETEMA 97*, Euroconference on Barriers to Electronic Trade in Europe and the Mediterranean Area, Malaga, Spain, April 21–23, 1997.

1987 : International Conference *Equadiff 87*, Xanthi, Greece, August 24–28, 1987.

Participation in Projects

EU Funded Projects

2001–2004 STAGE (EC IHP): Science, Technology and Governance in Europe (<http://www.stage-research.net/STAGE/index.html>)

2001–2004 COMMORG (EC IST): Organizational Consequences of E-Mail Introduction, Adoption and Diffusion (<http://www.ist-world.org/ProjectDetails.aspx?ProjectId=57b67b50c8f04c5d85eceaff0a92bb87>)

2000–2002 EICSTES (EC IST): European Indicators, Cyberspace and the Science-Technology-Economy System – partial participation (<http://www.eicstes.org/>)

1997–2000 SOEIS (EC TSER): Self-Organization of the European Information Society (http://cordis.europa.eu/publication/rcn/7060_en.html)

Other Projects

2016–2022: Making sense of climate action: understanding social mobilization to curb anthropogenic climate change through advances in social network analysis, SSHRC grant coordinated by David Tindall, University of British Columbia, Canada (collaborator).

2008–2012 COMPON: Comparing Climate Change Policy Networks – NSF project coordinated by Jeff Broadbent, University of Minnesota (<http://compon.org/>)

2002–2004 EQUAL-Andromeda: An Equal Initiative on Actions Against Gender Segregation in Work

2000–2001: An Internet Service for Research and Education on Excitable Media: A Greek-Spanish Collaboration (Greek Secretariat of Research & Technology)
