Style Guide
NYU ABU DHABI serves as a center for scholarly thought, advanced research, knowledge creation and exchange through its academic, research, and creative activities. NYU Abu Dhabi, which welcomed its inaugural class in 2010, was established in partnership with NYU and the Emirate of Abu Dhabi and founded upon a shared understanding of the essential roles and challenges of higher education in the 21st century. This global university represents a transformative shift in higher education, one in which the intellectual and creative endeavors of academia are shaped and examined through an international and multicultural perspective.

NYU Abu Dhabi is pioneering a new model of higher education for a global world dedicated at once to excellence in teaching and research and to advancing cooperation and progress on humanity’s shared challenges. As a University that brings together students and faculty from across the globe, and part of the larger NYU network of degree granting campuses and academic centers across six continents, it is increasingly important to maintain exemplary brand standards, and to present one clear and consistent brand identity.

BRAND GUIDELINES: WHY ARE THEY IMPORTANT?

An impactful brand is one that fosters unified bonds with their audience through consistency. It’s instantly recognizable and stands strong. It speaks a common language, despite the fact it speaks to different people from different places. Amid the complexity and diversity that is our unique academic environment, there are very few times we ask our community to be single-minded. This happens to be one of them.

By creating and maintaining a strong, unified brand, we can continue to shape the way people think and feel about NYU Abu Dhabi. These brand guidelines are intended as a reference and resource to help you communicate effectively on-brand when you are telling the NYU Abu Dhabi story.
This is the primary NYU Abu Dhabi logo. This logo plays an essential role in representing the University. Consistent and appropriate use of this logo can powerfully advance the recognition of our institution. Here are some important rules when using the NYU Abu Dhabi logo:

**The NYU Abu Dhabi logo can only be shown in NYU violet, black, or white**

- Only use the NYU Abu Dhabi logo in situations that call for the official mark of the University
- The NYU Abu Dhabi logo should only appear once on a homepage or communications piece
- Follow the clear space guidelines as stated in this document
- **DO NOT** alter, or modify the logo in any way
- **DO NOT** remove the torch from the box
- **DO NOT** remove the Arabic text
- **DO NOT** use previous versions of the logo
- **DO NOT** place elements in close proximity to the logo
- **DO NOT** use the logo on backgrounds that do not provide adequate contrast
- **DO NOT** add a colored shape around the logo

For further examples, reference the LOGO MISUSE page
**CLEAR SPACE**

Maintain an appropriate amount of clear space around the logo. There should be a clear space the height of the single torch around the entire logo.

The same rules apply when the logo is used vertically.

---

**MINIMUM SIZE**

To maintain full legibility, always use discretion when sizing the logo. It should never be the most dominant element on the page.
For instances where the primary logo does not fit proportionally, the logo can be used vertically.

Rotate the logo counterclockwise on a 90-degree angle. The torchmark should always be at the bottom.

**DO NOT** alter, or modify the logo in any way.
The logo should never be used or altered in the following ways.

**DO NOT** stretch or distort the logo.

**DO NOT** use colors other than NYU violet, black, or white.
**DO NOT** use different colors within the logo.

**DO NOT** rearrange the elements, remove the vertical line or use the torch as a stand alone element.
**DO NOT** distort or remove the Arabic text, or redraw the logo.

The logo should never be used or altered in the following ways.

**DO NOT** stretch or distort the logo.

**DO NOT** use colors other than NYU violet, black, or white.
**DO NOT** use different colors within the logo.

**DO NOT** rearrange the elements, remove the vertical line or use the torch as a stand alone element.
**DO NOT** distort or remove the Arabic text, or redraw the logo.
When placing the logo over colored backgrounds, the logo must be legible and shown clearly.

- For dark backgrounds, it is recommended to use the white logo.
- When using the violet or black logo, ensure the torch is always white.
- **DO NOT** use the logo over a busy background image.
- **DO NOT** use the purple or black logo on dark backgrounds where there isn’t enough contrast for it to stand out.
- **DO NOT** allow the background to show through the torch on the black or violet versions of the logo.
FOUR TORCH EMBLEM
The four torch emblem has been adopted as a symbol of NYU Abu Dhabi. It was taken from the Arabesque pattern and is meant to bring NYU’s iconic torch together with textures inspired by Islamic patterns.

- Only show the four torch emblem in an official color from the NYU Abu Dhabi palette. All torches must be the same color.
- The four torch emblem is ideal for use on merchandise and apparel.

- **DO NOT** rotate the four torch emblem. The four torch emblem must form a cross.
- **DO NOT** use the four torch emblem on backgrounds that do not provide adequate contrast.
- **DO NOT** flip the four torch emblem. The torch flames must point to the right.
- **DO NOT** place elements in close proximity to the four torch emblem. The four torches are an element on their own. Follow the clear space guidelines.
The four torch emblem should be placed to form a cross. Ensure the flames on the torches point to the right. The emblem should not be rotated in any way from the original file.

There must be sufficient clear space surrounding the four torches: a border measuring one-fourth the size of the box the torches form.

Any of the NYU Abu Dhabi violet, primary, accent or neutral color palettes can be used. The emblem should always be monochromatic.

The emblem can be used in these various formats. These formats allow the emblem to be utilized on items such as infographics or merchandise.

COLOR
NYU’s signature violet plays a key role in the University’s identity. The NYU violet and black make up the two primary colors in the NYU Abu Dhabi palette.

**NYU VIOLET**
PMS 2597
C85, M100 Y0 K0
R87, G6, B140
HEX 57068C

**BLACK**
100% Black
C0, M0 Y0 K100
R0, G0, B0
HEX 000000
The violet palette is meant to further drive home the idea of “violet pride.” Using these various shades of violet help provide a strong sense of visual cohesion while creating a sense of harmony.

EXAMPLES
The NYU Abu Dhabi Arabesque pattern was specifically designed as a device to bring NYU’s iconic torch together with textures inspired by Islamic patterns.

The Arabesque pattern can be used to provide projects with a sense of color, texture, and identity whilst giving a subtle nod to NYU Abu Dhabi and the region. It can be set to medium transparency and overlaid on photos or even used with a gradient to fade out and blend into its surroundings.

- The pattern must always be cropped at its center point or faded out to a zero opacity
- The pattern must always be monocromatic
- The pattern’s opacity can be turned down to provide a more subtle texture
- **DO NOT** tamper with the pattern itself in any way
Any of the NYU Abu Dhabi primary, violet, neutral, and accent colors can be used for the Arabesque. However, the pattern should always be monochromatic.

Pre-set color combinations:
The NYU Abu Dhabi arabesque pattern can only be cropped in two ways:

**On the center point of the torch:**

**Faded to zero opacity:**

TYPOGRAPHY
**ENGLISH**

**Standard Print Fonts - English**

Gotham is the primary font and Mercury text is used for body copy only. It should be used when there is a long section of text.

**To Purchase These Typefaces**

Both typefaces can be purchased online, in single weights, from the Hoefler & Co. type foundry at www.typography.com. At this time, the University does not have an institutional license.

**ENGLISH ONLINE**

When working online, Gotham is the primary font. Mercury should never be used online, this is strictly for print.

**GOTHAM BOOK**

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 1234567890!@#$%^&*()?

**GOTHAM BOLD**

**MERCUERY TEXT BOLD**

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 1234567890!@#$%^&*()?
ARABIC

Standard Print Fonts - Arabic
When designing for print, TheSansArabic and Nassim Arabic are the two typefaces that comprise the NYU Abu Dhabi brand.

To Purchase These Typefaces
TheSansArabic can be purchased online, in single weights, from LucasFonts at www.lucasfonts.com/fonts/thesansarabic/.

Nassim Arabic can be purchased online, in single weights, from Rosetta Type Foundry at www.rosettatype.com/Nassim.

At this time, the University does not have an institutional license.

ARABIC ONLINE

When working online in Arabic, Droid Arabic Naskh is the primary font. TheSansArabic should never be used online, this is strictly the primary font for print.
For NYU Abu Dhabi administrators, staff, faculty, and students not directly involved with graphic design projects, widely available standard computer fonts have been chosen as substitutions to the primary fonts. The substitute for Gotham is Arial, and the substitute for Mercury is Georgia or Times.

The Arial font should be implemented for everyday use, such as writing letters, fax cover sheets, and simple desktop flyers and business forms. Georgia or Times can also be used for text settings particularly when a more formal scholarly or traditional tone is needed.
ARABIC

For NYU Abu Dhabi administrators, staff, faculty, and students not directly involved with graphic design projects, Droid Arabic Naskh has been selected as the substitute for TheSansArabic and Nassim Arabic, and can be downloaded for free at https://fontlibrary.org/en/font/droid-arabic-naskh.

TYPOGRAPHY | ALTERNATIVE FONTS

DROID ARABIC NASKH BOLD
SOCIAL MEDIA LOGO

The social media logo is reserved for official University social media accounts only. If you would like to request to use the NYU Abu Dhabi social media logo please contact nyuad.design@nyu.edu.

*Note:* The torch should never be removed from the logo and used alone as an identifier in social media.

SOCIAL MEDIA LOCKUPS

Having an NYU Abu Dhabi social media lockup is the best way to communicate your official connection to the University online.

If your office has its own social media channels, you can request an official NYU Abu Dhabi social media lockup. To do so, please send a request to nyuad.design@nyu.edu.
DEPARTMENT
IDENTITY
DO I NEED MY OWN LOGO?

As a general rule, NYU Abu Dhabi academic units and administrative departments are not permitted to have a unique logo. Individual logos at this level reduce the impact and effectiveness of the University’s brand.

Logos for special events, research groups, or Student Interest Groups recognized by, affiliated, or funded by the University (secondary logos) are permitted.

A unique logo can be used to mark special occasions such as annual events, campaigns, and anniversaries. The duration of the use of this logo is short-term, and promotes and identifies only this particular event.

The University logo, four torch emblem, and the Arabesque pattern MAY NOT be used — in part or whole — in the creation of the unique logo or graphic identifiers.

In cases where the NYU Abu Dhabi connection is not obvious to audiences, the NYU Abu Dhabi logo or a sentence identifying the relationship with NYU Abu Dhabi and its mission, should be included.

Alternatively, if these groups would like to create a close brand affiliation with NYU Abu Dhabi, they should use the violet, neutral, and accent palette, and/or the brand typefaces to create a visual connect with the University.

Groups seeking to create a unique logo or graphic identifier must request permission from the Office of Public Affairs’ design team: nyuad.design@nyu.edu and must work with a professional designer, which will ensure that any secondary logo harmonizes with NYU Abu Dhabi visual identity standards.
For internal communications and creative collateral meant for the NYU Abu Dhabi community and campus, using the primary logo is not necessary. The NYU Abu Dhabi department wordmark has been developed as a simple solution for your internal communication needs.

Your wordmark comes in three variations (left aligned, centered, and right aligned)

To request an official department wordmark, please contact nyuad.design@nyu.edu.

**Benefits of using your NYU Abu Dhabi wordmark:**

- Increased flexibility with creativity and design
- Fewer restrictions
- No color restrictions
- Acceptable to use on swag or apparel items
- **Design team approval optional**

- **DO NOT** use your NYU Abu Dhabi wordmark outside the community or off-campus, unless approved by the NYU Abu Dhabi design team
- Office name cannot exceed more than three lines

Using the NYU Abu Dhabi primary logo is the most effective way to demonstrate your official connection to the University when communicating with the general public. However, in certain instances it is important for audiences to identify the office behind the communications. The department lockup was meant for these situations.

As the department wordmark is meant for the identification and promotion of your office within the NYU Abu Dhabi community, and the department lockup is meant for the times when your office will be communicating with external audiences and the general public.
To request a lockup for your department, please contact nyuad.design@nyu.edu.

Department name must be in Gotham Bold, right aligned and uppercase. The text box must line up with the right edge of the logo and the left side with the pipe in the logotype. This will force natural breaks in the department name.

- Logo and department name must be all one color.
- The department name must be resized proportionally with the entire logo when increasing or decreasing size.

In the case of business communications, such as letterheads and envelopes, the NYU Abu Dhabi primary logo should be used. The department’s name can then be added to the address line.

**DO NOT** use multiple lockups on a single page. In cases were multiple departments need to be sighted, please use the primary NYU Abu Dhabi logo and include separate text that highlights each department. Email nyuad.design@nyu.edu for examples of this.

MERCHANDISE
Branded merchandise and giveaways are a great way to promote the NYU Abu Dhabi brand and can help leave a lasting impression on your audience. Every year the NYU Abu Dhabi logo is placed on a wide variety of merchandise—apparel, gift items, and sporting goods. Therefore, adhering to the University’s brand guidelines is paramount.

**HOW TO REQUEST**
In order to protect the NYU Abu Dhabi brand and reputation, all NYU Abu Dhabi branded merchandise should be obtained from an approved vendor listed on the NYU Abu Dhabi approved vendor list. These suppliers have been vetted and registered by Procurement. Vendor exceptions can be requested at nyuad.design@nyu.edu.

**DESIGN REVIEWS**
Any use of the NYU Abu Dhabi primary logo, 4 torch emblem, Arabesque pattern, or department lockup must have prior approval from the design team before going to print. If your merchandise is not compliant, the design team can work with you to correct the design. Please send your design mock-ups to nyuad.design@nyu.edu for approval.
MERCHANDISE EXAMPLES
PHOTOGRAPHY
Imagery should capture the NYU Abu Dhabi community in a way that demonstrates energy, enthusiasm, and excellence. The photography we use across University channels should be impactful, dynamic, and bold.

Our general approach to photography of the NYU Abu Dhabi community is a reportage style, capturing discreet and intimate moments across campus that create a cohesive and inspiring set of images.

Professional or institutional photos and videos should still feel dynamic and bold, but take on a more sophisticated feel. Staged portraiture should feel refined and polished with natural light used as often as possible.
Color overlays are used for graphic impact when drawing in someone’s attention or when a level of excitement is needed. This works well when tying together elements on a page or when type is needed over a photograph, adding legibility to the heading.

- The colors used in an overlay should strictly be from the NYU Abu Dhabi color palettes
- The use of color overlays should not significantly reduce the legibility of an image or heading
Video is a dynamic medium for storytelling and an effective tool of communication. Facebook videos get more than eight billion views per day. People are twice as likely to share video content with their friends than any other type of content, and watch nearly 2.5 hours of online video daily. It is important that all NYU Abu Dhabi videography follow the University’s guidelines to ensure audiences continue to engage and familiarize themselves with the brand.

For further information on how to get started, the videography guidelines, or for review and approval contact the team at: nyuad.video@nyu.edu.
VIDEO ASPECT RATIO

YOUTUBE

Only use a video aspect ratio of 16:9.
That includes the following resolutions:

• 1920 X 1080 (HD)
• 3840 X 2160 (4K)
• 7680 X 4320 (8K)
• These can be used for YouTube, Facebook and Twitter.
• Note: Only two minute long videos can be uploaded on a Twitter feed.

Avoid using any other aspect ratio that does not adhere to the ones listed above.

INSTAGRAM

When uploading as an Instagram post, follow a 1:1 (square) aspect ratio.

When uploading as an Instagram story or IGTV, follow a 9:16 aspect ratio (1080 X 1920 or 720 X 1280)
LOGO

Pay attention when using the NYU Abu Dhabi logo. It is important to maintain the correct and appropriate use. Refer to the LOGO chapter for the complete guidelines.

Use the NYU Abu Dhabi logo in a digital format (RGB) in the primary violet, black or white on a solid or clean, and minimalist background.

DEPARTMENT NAME

When developing video content for external audiences, the main goal is the promotion of the University. As a result, use of the NYU Abu Dhabi logo alone is recommended. Include your department name as text to highlight an affiliation.

FONT

Ensure all text is legible, even on a small mobile screen. Using larger font sizes makes text easier to read.

Keep all text in black or white and only use drop-shadow sparingly. Instead, experiment with different font weights such as medium or bold.

For further information on accepted fonts, refer directly to the TYPOGRAPHY chapter.
NAMES, TITLES AND CAPTIONS

Ensure all text in the video is legible, including when viewed on mobile devices.

- Video titles should appear at the beginning or within the first 15 seconds of the video. These should be big and clear.
- If names and designations are not legible on the video’s background, place within a NYU violet, black or white box.
- Use captions in videos only when translating what a subject is saying. Place text against a black opaque box, it should be centered in the lower-third portion of the screen.
- **DO NOT** caption the entire transcript within the video. For more information on meeting the mandatory NYU Abu Dhabi accessibility guidelines, reach out to nyuad.public.affairs@nyu.edu.
- **DO NOT** use a logo or the torch emblem in lower-third titles.
- **DO NOT** place caption text in the black space above or below the video frame. This will not be a problem if the video fits a 16:9 ratio.
